Average for April, 1906 4018 Average for April, 1905 3626 Increase 392

Personally appeared before me, this May 1, 1906, E. J. Paxton, general manager of The Sun, who affirms that the above statement of the circulation of The Sun for the month of April, 1906, is true to the best of his knowledge and belief. PETER PURYEAR,

Notary Public. My commission expires January

Daily Thought. "To be satisfied is dangerous-to be self-satisfied is ruinous."

22, 1908.

It rests with the revolutionaries. The tug of war is on between the douma representing the people of daily. The sterner duties of a sol-Russia, and the aristocracy. The dier are unknown to the militiamen, gage was thrown down when the as a rule. It is true, happily, that st unanimous vote of want of their services selden are needed but confidence in the cabinet was cast, at such times the necessity is urgent and the douma will win in the end if the terrorists can be held in check, should be competent. If any of them But they fill an anomalous position in the ferment of Russian civil life. It was in a measure due to the exerns of the extremists that a repreconfidence, in preference to the more local medical fraternity. ful plan of the ballot. It is this bloody form that stands between the douma and the realization of the hopes of the people, Absolute amnesty to political offenders is refused, be cause that would liberate the bomb thrower, and in this reservation we but sympathize with Nicholas. So, too, is there always this danger that every extension of liberty will stretch the license of the anarchist. The latter seems to have little sympathy with the efforts of the douma In fact, it is charged that the extremists are being used by the reactionaries to terrify the czar into a refusal to surrender to the people Russia either aristocratic or democratic, has a problem on her hands in getting rid of the red flag mob. since the first propaganda of anarchy, but in her efforts has made martyrs of her victims, and thus with every

If anything like real success is to achieved in the annual training camps for the militiamen and regulars it is apparent that the governent must make the maneuvers a rmanent affair. Out of 22 states invited to participate, ten have refused for various reasons to send ents, two have answered the inliation without signifying their in ons and ten-have not replied. In California the troops have had pleny of experience for one year at San isco. In Idaho they are guardng the miners' trials. But in other s the reasons for refusal range rom previous arrangements for enents to lack of equipment ere have been rumors that some of militia officers were tired of king with the regulars, evidently

However, this attitude is confined to a vulgar few, without whom affords no excuse to the cook for ne the service would be better off; and glecting to purchase bacon for breakit is probable that the majority of fast next morning. the state troops would gladly take part in the maneuvers if they could. If annual maneuvers were assured and the arrangements were made from six months to a year ahead, so that the slow process of state legislation might be brought to bear on some of the details, then the states could form their plans in accordance tains with the scheme of the general government. There is no doubt that the maneuvers are of incalculably more benefit to the state militiamen than moment's conversation would conto the regulars. The latter are constantly in training and to a certain extent receive this same experience
